The system should be sending you the 5 purchase orders (54210 54211 54212 54213 & 54214)  
 Please provide a Performa Invoice and we will process the wire transfer.

Once you receive the monies - how long before the order ships. To ensure that the freight is kept to a minimum - Will everything ship at once? If there are a number of back orders can the be held at least a little while so that they ship together and reduce the freight costs. How are your freight rates? Will they be added to the performa invoice ?

Let me know  
 Thanks  
 Hans
